

GIFAS-ELECTRIC Austria

This is the motto of GIFAS-ELECTRIC GmbH. As a complete solution provider of **electro technical products** with a continuous improvement we grant a solution for the **individual customer challenge**.

Engagement and Innovation are key terms for us. **Flexibility, continuity and reliability** count for our strength.

We understand ourselves as an optimizer. One step ahead for our customer means one step ahead for us. Therewith we are strictly orientated on the demands and requirements of our customers.

The task is solved if the customer is fully satisfied.

We would like to support you with a prove of both our **service quality** and the **quality of our goods**. We create new connections - future orientated connections.
